INTRODUCTION

THE SACRAMENTO DIRECTORY CO., publisher of the Sacramento City Directory, presents to subscribers and the general public this, the 1942 edition of the Sacramento City Directory, which also includes North Sacramento, West Sacramento and Broderick.

Confidence in the growth of Sacramento's wealth, industry and population, and in the advancement of its municipal and social activities, will be created as sections of this directory are consulted, for the directory is a mirror truly reflecting Sacramento to the world.

The enviable place occupied by these directories in offices, stores, libraries and homes throughout the country, has been established by rendering the best in directory service. With an unrivaled organization, having the courteous and hearty co-operation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Sacramento Directory will fulfill its mission as a source of authentic information pertaining to the city.

Population

The estimated population of Sacramento is 130,000, based on the number of individuals names in the alphabetical section of the directory, with due allowance for children and for women whose names are not listed separately from those of their husbands. Territory immediately adjacent, which is part of the city, as far as business and social life are concerned, is included in the directory.

Four Major Departments

THE ALPHABETICAL LIST OF NAMES of residents, business firms and corporations is included in pages 21 to 660, on white paper.

DIRECTORY OF HOUSEHOLDERS, TENANTS OF OFFICE BUILDINGS AND OTHER BUSINESS PLACES, AND STREET AND AVENUE GUIDE covers pages 661 to 844, on pink paper. In this section the names of the streets and avenues are arranged in alphabetical order; the residences and business houses are arranged numerically under the name of each street and avenue, and the names of householders and business concerns are placed opposite the numbers. Home property ownership is indicated by the character (®), placed immediately after the name of the householder and telephone is indicated by the character (🔔) placed immediately before the name.

THE BUYERS' GUIDE, beginning opposite page 844, and separately paged from 1 to 84, on goldenrod paper, contains the advertisements of leading manufacturing, business and professional interests in Sacramento. These pages will be found particularly interesting and instructive to substantial purchasing factors. The advertisements have been carefully grouped by departments and are indexed under headings descriptive of the business represented. This is reference advertising at its best and, as such, merits a survey by all buyers keen to familiarize themselves with sources of supply. The city's activities, in many phases, are authentically pictured. In an ambitious and progressive community like Sacramento the necessity of having this kind of information immediately available is very great, and frequently pressing. General appreciation of this fact is evidenced by the liberal support the city directory enjoys in the many fields which it serves.

THE CLASSIFIED BUSINESS DIRECTORY is included in pages 845 to 924, on white paper. This department lists the various manufacturing, mercantile and professional interests in alphabetical order under appropriate headings. This feature constitutes an invaluable and indispensable epitome of the business interests of the community. "The directory is the common intermediary between Buyer and Seller." As such it plays no small part in the daily doings of the business world. "More goods are bought and sold through the Classified Business Directory than through any other medium."

Municipal Publicity

The directory reflects the achievements and ambitions of the city, depicting in truthful terms what it has to offer as a place of residence, as a business location, as an industrial site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the directory in Directory Libraries, where they are readily available for free public reference and serve as perpetual and reliable advertisements of Sacramento for business men everywhere realize that the city directory represents a community as it really is.

The Sacramento Directory Library

Through the courtesy of the publishers of the Sacramento City Directory, a Directory Library is maintained at the offices at 828 I Street, cor. 9th, for free reference by the general public. This library is one of a system of more than 500, installed and operated in the chief cities of the U. S. and Canada, under the supervision of the Association of North American Directory Publishers, of which The Sacramento Directory Co. is a member.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the city directory as an advertising medium, with assurance that it will bring a commensurate return.

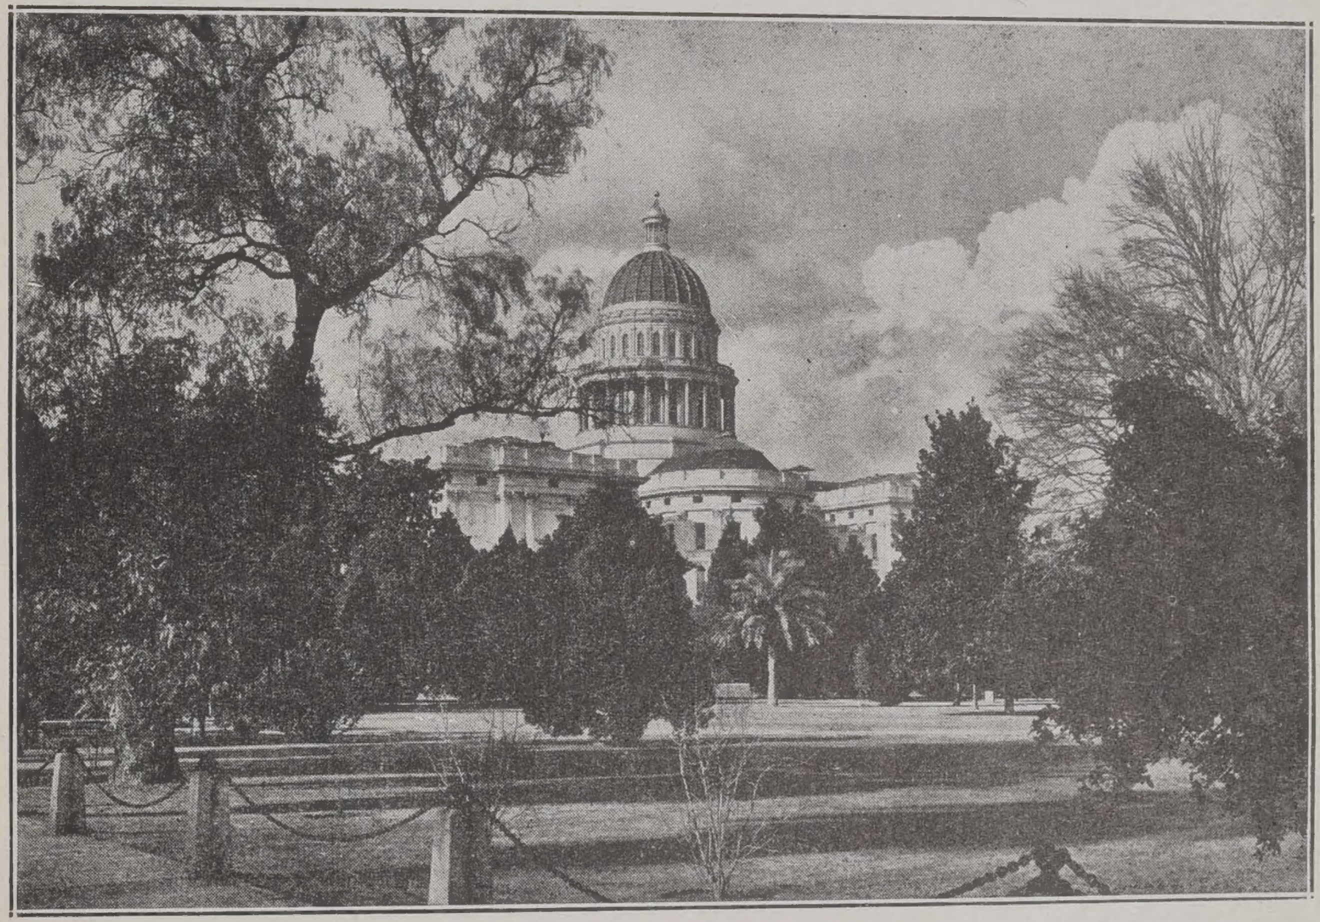
SACRAMENTO



STATE CAPITOL BUILDING

SACRAMENTO, the "Heart of California" and the capital city of the state, is located at the confluence of the Sacramento and American rivers, in the center of the greatest agricultural, mineral and timber producing area of California. With a background of history closely entwined with some of the great epochal events in the civilization and development of the Pacific Coast, Sacramento through her years of civic and commercial progress has maintained leadership among the cities of the West. It is now the largest interior city in California and one of the most rapidly growing cities in America.

Sacramento has graduated from the class of the ordinary capital city to a thrifty metropolis of 105,958 on January 1, 1941.

The westward movement of population has found Sacramento one of the beautiful cities of the Golden State, a comfortable and prosperous community in which to live.

The city is built on a level plain with an incorporated area of fourteen square miles. The climate is semi-tropic, with an average mean annual temperature of 60.3 degrees, and an annual average rainfall of 18.02 inches (U. S. Weather Bureau 50-year record).

Sacramento's most notable beauty is in its wide tree-lined streets and its 1204 acres of municipal parks. No city in the West equals this city in number of street trees, cared for and protected by the city government.

Sacramento is the home of the annual California State Fair, the largest and most successful exposition of its kind in the United States. Attendance, 748,393 in 1941.

Notable among the historic points of interest are Sutter's Fort, now entirely restored to its original form, and maintained as a state museum, housing a priceless exhibit of relics of pioneer days; Crocker Art Gallery, one of the most valuable art collections in the West; and the $13,500,000 group of Capital buildings, surrounded by a 40-acre state park world-famed for its beauty and the more than one thousand varieties of trees, shrubs and flowers gathered from every country on the globe.

Sacramento's school system is recognized as one of the best in the state, noted for its educational progress, with a $1,500,000 high school, another new $765,000 high school, and a $1,121,000 Junior College typical of its outstanding excellence. A splendid stadium, costing $175,000 and seating 23,000 persons, was erected on the Junior College campus in 1928. In 1932 the city of Sacramento voted $1,146,000 in bonds for the construction of three new Junior High School buildings. Since 1932, $273,300 has been expended on the Elementary Schools for additions and improvements, $509,600 on the Junior College, and $267,150 on the Senior High Schools.

Sacramento's Junior College ranks in point of attendance as the third largest Junior College in California. Enrollment for the 1940-41 term was 3,362, with 118 teachers on the staff. Students are registered from 41 counties in the state, from Del Norte and Modoc on the north to Riverside and San Bernardino in the south; from thirty-two other states; and from five foreign countries, including Alaska, Hawaii, Japan, Canada and China. The college, which has grown from an infant in 1926 with an initial enrollment of 45, is housed in a group of beautiful buildings on a 61-acre campus, representing an investment of bond money totaling $1,365,000.

The beauty of its residential sections, modern public and business buildings, beautiful churches and splendid hospitals add to its attractiveness as a home city. Several new residential districts have been created during the past year.

Sacramento's million dollar Memorial Auditorium, splendid hotel and restaurant accommodations and its metropolitan theatres have made it an outstanding convention center, exceeded in numbers of state and national convention gatherings only by Los Angeles and San Francisco.

Most remarkable of any feature of its development has been Sacramento's industrial growth. The War Department's $7,000,000 Repair Depot and Supply Base for the West Coast Air Corps is the latest vital addition.

The Southern Pacific shops in Sacramento are the second largest in the world. The Western Pacific has its main shops in Sacramento and spent $500,000 in new shop facilities in 1938.

The principal industry is that of canning fresh fruits and vegetables, Sacramento's four canneries being among the largest in California, and one of them the largest institution of its kind in the world. The four canneries in Sacramento produce annually 19.6% of the total output of the 309 canneries in California. The largest freezing plant for the "Frozen Food Industry" in California is located at Sacramento. Fresh fruits, vegetables, poultry, etc., are frozen here. The plant of the American Can Company is the largest and most modern of the can factories operated by that national concern, emphasizing Sacramento's position as the canning center of the state.

Sacramento has the largest almond shelling plant in the world, and more than sixty-five per cent of the state's total almond output is handled here.

Flour and feed mills, slaughtering and meat-packing houses, rice mills, bean cleaners, clay, pipe and pottery works, lumber and box factories and similar institutions convert into manufactured products other raw material provided by the vast agricultural, timber and mineral wealth of the region.

Sacramento County is most fortunately situated with regard to transportation. Three great transcontinental railroad systems, the Southern Pacific, Western Pacific and Santa Fe, offer quick transportation to Eastern markets. Two interurban electric lines, the Sacramento Northern Railway and Central California Traction, supplement the steam roads.

The Sacramento River, ranking among the foremost in the nation in amount of tonnage carried and second in per ton value of cargo, offers rapid and cheap water transportation to San Francisco Bay and world markets. Palatial passenger steamers to San Francisco are operated by The River Lines.

Paved county highways supplement the main trunk lines of the great state highway system to every important center in the county, and stage lines radiate in every direction.

Transcontinental and coastwise air mail, express and passenger lines center at Sacramento's Municipal Airport.

Sacramento is the banking center of interior California, served by nine strong banking institutions.

HISTORY

HISTORICALLY, Sacramento is associated with three great epochal events in California's development. The settlement established August 12, 1839, by Capt. John A. Sutter at Sutter's Fort, now Sacramento, was the first settlement of white men in interior California, and marked the beginning of agricultural development that has made California third among the states of the Union in total value of its agricultural products.

The discovery of gold January 24, 1848, by James W. Marshall, one of Sutter's men, at Coloma, sixty miles east of the city, brought about the great gold rush of '49 and '50 which so quickly populated the state that it was admitted to full-fledged statehood September 9, 1850.

The transcontinental railroad started from Sacramento in 1863 and completed in 1869 (the old Central Pacific, now Southern Pacific) was the first to link the West to the East with bands of steel, and from the viewpoint of lasting benefits, overshadows even Marshall's discovery.

Sacramento was incorporated in 1849 and chosen as Capital of California in 1854.

SACRAMENTO COUNTY FARM FACTS

THE CENSUS of 1910 gave Sacramento County 1601 individual farms. In 1940 the number had grown to 3,456. This was an increase of 116% for the 30-year period, 1910-1940.

Sacramento County produces, successfully and in large quantities more than twenty varieties of fruits and nuts, and every known American vegetable. Some crop is in harvest every month of the year.

The following table shows the acreage planted to leading fruits and nuts in 1941: Almonds, 2,703; apples, 63; apricots, 438; cherries, 692; citrus, 746; figs, 172; grapes, 12,375; olives 1,774; peaches, 1,523; pears, 5,148; persimmons, 18; plums, 1,364; prunes, 2,462; walnuts, 914.

One of California's best opportunities for successful and profitable orange production is offered in the beautiful foothill "thermal belt" which forms the eastern part of Sacramento County, embracing the districts of Fair Oaks, Orangevale, Citrus Heights, Carmichael, Arcade and Folsom. Oranges have been grown for thirty years in this section, to prove beyond question the adaptability of its soil and climate. Fruit ripens weeks ahead of that in Southern California, to reach Thanksgiving and Christmas markets, avoiding danger of late-season frosts.

The region of which Sacramento is the metropolis and trading center—the twenty-one counties of Northern California—east of the Coast Range—produces 35% of California's total agricultural yield; 75% of its precious and structural mineral products; and has 9,000,000 of the 14,000,000 acres of virgin timber still standing.

UNEQUALLED DIVERSIFICATION

SACRAMENTO COUNTY, according to County Horticultural Commissioner A. E. Morrison, is the most diversified in its products of any county in California. This remarkable diversification is what makes for stable and year round prosperity.

Coupled with rich soil, ample water and intensive farming methods, this diversity places Sacramento County in a place of conspicuous leadership among the high producing counties of California.

Sacramento County is the third largest poultry producing center in California. It offers ideal conditions for dairying and livestock production.

Land prices, available markets and ideal conditions assure success to the man who knows how and will farm right.

THE SACRAMENTO CHAMBER OF COMMERCE

THIS ORGANIZATION is the active representative of the commercial, industrial, financial and civic interests of Sacramento in promoting its welfare and prosperity. The Chamber is completely departmentalized, with Industrial, Transportation, Agricultural, Tourist and Resort, Exhibit and Publicity departments, under experienced managers, set up for the purpose of supplying complete and authentic information on matters relating to Sacramento and Northern California. Arthur S. Dudley is Secretary-Manager. The Chamber occupies its own building at 917 Seventh Street.

Every Store should appear in the Directory and the Directory should be in Every Store.
Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

YOU CAN'T COVER THE WORLD with a Postage Stamp nor can you cover the Buying Public without Proper Representation in Your City Directory

Every Store should appear in the Directory and the Directory should be in Every Store.
Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

YOU CAN'T COVER THE WORLD with a Postage Stamp nor can you cover the Buying Public without Proper Representation in Your City Directory

Every Store should appear in the Directory and the Directory should be in Every Store.
Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

Every Store should appear in the Directory and the Directory should be in Every Store.
Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

Every Store should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

YOU CAN'T COVER THE WORLD with a Postage Stamp nor can you cover the Buying Public without Proper Representation in Your City Directory

Every Store should appear in the Directory and the Directory should be in Every Store.
Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

YOU CAN'T COVER THE WORLD with a Postage Stamp nor can you cover the Buying Public without Proper Representation in Your City Directory

Every Store should appear in the Directory and the Directory should be in Every Store.
Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

YOU CAN'T COVER THE WORLD with a Postage Stamp nor can you cover the Buying Public without Proper Representation in Your City Directory

Every Store should appear in the Directory and the Directory should be in Every Store.

Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

YOU CAN'T COVER THE WORLD with a Postage Stamp nor can you cover the Buying Public without Proper Representation in Your City Directory

Every Store should appear in the Directory and the Directory should be in Every Store.
Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

YOU CAN'T COVER THE WORLD with a Postage Stamp nor can you cover the Buying Public without Proper Representation in Your City Directory

Title Insurance and Escrows

Offering Inter-County Service

•

Realtors, Bankers, Attorneys, Loan Agents:

You will find it convenient to place title orders and escrows on properties in "outside" counties here. Personal contact with our escrow department is a distinct advantage.

Sacramento City is the financial center of the Sacramento Valley, doing an ever increasing loan and real estate business throughout Northern California. It is our pleasure to act as a clearing house for this business.

We can be of real service, too, because of our understanding of local title conditions and the methods of conducting business in the various county seats.

Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

Every Store should appear in the Directory and the Directory should be in Every Store.
Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.

Every Store should appear in the Directory and should be in Every Store.
Besides its use to the storekeeper, it is a convenience the customer looks for. The store that offers an old Directory, or no Directory at all, fails to show its patrons a courtesy they will find elsewhere.
